

1. How Air1 serves you as a resident of the local community.

Air 1 is a vital role to my listening choice. I prefer to listen only to Air 1. It is the only station that does not play degrading or pornographic material and DJ's. Air 1 is a positive airway experience.

2. The effect on the local community if Air1 were to be displaced by an LPFM broadcaster providing other programming.

If we lost Air 1 we would lose a very important tool in our community. Children and teenagers who listen to Air 1 on a daily basis have a better outlook on life and have better days in general. They have a positive outlook on life and do better in school. People who listen in their vehicles are less stressed and have less road rage. Air 1 is necessary to have in any area.

3. Why you believe that the service provided by Air1 is in the public interest.

As I have already stated previously, it is good for all who listen. They have a better outlook on life, better day in school, and work. People have more patience and understanding to those around them. The world cannot lose Air 1 in any community.
